OFFICIALS GUIDEBOOK

Officials at an interscholastic athletic event are participants in the educational development of high school students. As such, they must exercise a high level of self-discipline, independence and responsibility. The purpose of this Code is to establish guidelines for ethical standards of conduct for all interscholastic officials.

Officials shall master both the rules of the game and the mechanics necessary to enforce the rules and shall exercise authority in an impartial, firm and controlled manner.

Officials shall work with each other and their state associations in a constructive and cooperative manner.

Officials shall uphold the honor and dignity of the profession in all interaction with student-athletes, coaches, athletic directors, school administrators, colleagues and the public.

Officials shall prepare themselves both physically and mentally, shall dress neatly and appropriately and shall comport themselves in a manner consistent with the high standards of the profession.

Officials shall be punctual and professional in the fulfillment of all contractual obligations.

Officials shall remain mindful that their conduct influences the respect that student-athletes, coaches and the public hold for the profession.

Officials shall, while enforcing the rules of play, remain aware of the inherent risk of injury that competition poses to student-athletes. Where appropriate, they shall inform event management of conditions or situations that appear unreasonably hazardous.

Officials shall take reasonable steps to educate themselves in the recognition of emergency conditions that might arise during the course of competition.

General Regulations & Policies

Substantive changes to this Officials Guidebook for the 2020-21 school-year are indicated with a shaded background.

100. Getting Started

101. Authority of FHSAA

101.01 FHSAA Bylaw 8.9.2 authorizes the Board of Directors to establish policies and procedures for the registration and regulation of contest officials.

101.02 Individual officials or local officials' associations that violate the policies expressed in this Officials Guidebook are subject to reprimand, probation and/or monetary penalties and/or suspension or expulsion as an individual official or official's association by the FHSAA.

102. Registration of Officials

102.01 Registration is Mandatory.

(1) An individual who intends to officiate as either a baseball umpire, basketball official, football official or clock operator, flag football official, lacrosse official, soccer official, softball umpire, swimming & diving official, track & field official, volleyball official, water polo referee, and/or wrestling referee in an interscholastic athletic contest involving an FHSAA member school must register with the FHSAA Office every year before he/she officiates.

(2) Applications can be completed via the Officials Central Hub www.fhsaa.arbitersports.com.

(3) The application for registration must be completed by the following deadlines each school year:

- Fall Sports (football, swimming & diving, volleyball) – Aug. 10
- Winter Sports (basketball, soccer, wrestling) – Oct. 19
- Spring Sports (baseball, flag football, lacrosse, softball, track & field, water polo) – Jan. 25

A \$10 late fee will be assessed to an applicant whose renewal application for registration is received after the applicable deadline.

(4) Registrations for the current year will not be accepted in the FHSAA Office after the administration date of the examination in the sport for which application is being made, with the exception of officials transferring from another state and have already taken the rules exam. Volleyball registrations (boys and/or girls) will not be accepted after the last date of the fall online exam.

102.02 Requirements for Registration.

(1) To be registered as an official an individual must:

- (a) Be 18 years of age or older [for exception, see s.102.02(4)]; If you are 18 years of age and currently a high school student, contact the FHSAA Office.
- (b) Register via the FHSAA's approved process

(c) Pay the appropriate non-refundable and non-transferable registration fee, as well as any assessed late fee and any outstanding fines and/or penalty fee for all previously registered sports;

(d) Join and maintain membership in a local official's association which has been sanctioned by the FHSAA Office; and

(e) Certify that he/she has never been arrested for or convicted of a felony; or any crime or offense which involved dishonesty; or any crime or offense which involved possession, use or distribution of any illegal substance; or any crime or offense which involved any immoral conduct, regardless of the punishment therefore; or has never been denied registration to officiate by the FHSAA or a high school association in any other state. If arrested for or convicted of a felony, the applicant must submit a police/court report verifying the reason, date of arrest/conviction and conclusion of the incident followed by a letter of reference from a person in the judicial system or a local officials association officer. Any official who fails to disclose, or falsify, this information on their FHSAA Application will immediately be suspended for FIVE years, pending termination of membership. Note: FHSAA contest officials must comply with the Jessica Lunsford Act. Pursuant to the Jessica Lunsford Act, a Level 2 Background screening is necessary for each school or school district to check your name against the state and national listings of sexual offenders and sexual predators for those school districts that do not apply the line of sight provision as outlined in statute. Some counties may be more restrictive than others regarding Level 2 screenings. Any official who purposely avoids, falsifies or fails to obtain the required Level 2 screening, after written notification, may be immediately suspended for up to FIVE years, pending possible termination of membership. A level 2 background screening is necessary to work the FHSAA state series.

(2) An individual official who has an outstanding balance with the FHSAA as a result of unpaid registration fees, monetary fines or penalties, or other assessed fees shall not be permitted to renew his/her registration until the outstanding balance has been paid in full.

(3) An individual official who has been suspended or expelled from officiating by the FHSAA shall not be permitted to renew his/her registration until the individual's period of suspension has lapsed or he/she has been reinstated.

(4) High school students who are at least 16 years of age may register as a "student official" and be assigned to a "mentor" official for training. "Student officials" will be allowed to register at a reduced fee of \$10 per sport while an active student official. Student officials will be allowed to work middle school (6th-8th grades), junior high contests (8th-9th grades) and non-varsity contests once registered. Student officials may not officiate. The middle school in which they attended.

(5) The FHSAA Office reserves the right to reject any application for registration as an FHSAA official. Local officials' association officers and/or boards of directors are required to report criminal misconduct on the part of any member of their association to the FHSAA Office for investigation.

(6) The individual must indicate during his/her registration process the name of the association of which he/she is a member. An individual who is not a member of a sanctioned local officials association will not be able to be a FHSAA Official. An individual cannot contract with or otherwise offer his/her services to a member school as an independent official.

(7) An individual may join and maintain membership in more than one local official's association. However, for administrative purposes, the individual must designate one local official's association as his/her "primary" association for each registered sport. Individuals may join additional local associations on a secondary basis. An official must advise his/her primary association of his/her secondary association affiliations and vice versa. However, the individual official is responsible for providing any associations of which he/she is a member on a secondary basis with information regarding exam grades and current status with the FHSAA. The individual official is also responsible for providing his/her primary association with the number of varsity games officiated as assigned by his/her secondary association(s) prior to the deadline for filing that report with the FHSAA.

102.03 Termination Date of Registration. All registrations terminate June 30 each year regardless of the date the application for registration is made and accepted.

102.04 Officials Not Employed by FHSAA. Individuals registering as FHSAA officials do so as independent contractors and not as employees of either the member schools or the FHSAA. Schools must contract with FHSAA-sanctioned officials associations for officials as individual contractors and not as school or FHSAA employees.

102.05 Registration Fees.

(1) Registration fees, as well as all outstanding monetary penalties, must be paid at the time of registration to the FHSAA Office. Officials may pay fees by credit card (Visa or MasterCard) online. Registration fees for the 2020-21 school year are as follows:

- First Sport – \$45 (\$27 per sport plus \$18 processing fee);
- Each Additional Sport – \$27.

The discounted \$27 registration fee for each additional sport after the first sport is available only to those individuals who register for more than one sport during the same school year. Individual insurance is covered in the registration fee. This coverage provides an accident and health package for the individual referee's injury as well as a personal liability policy to protect the INDIVIDUAL official from law suit involving their work as an official. Since it is an INDIVIDUAL insurance plan, certificates of insurance are not provided, nor can any other person or business be named as an additional insured.

(2) A \$10 late fee will be assessed to an applicant who registers after the applicable deadline. New officials and/or transfer officials that want to register after the initial deadline need to contact the FHSAA officer directly.

- (3) Registration fees are non-refundable and non-transferable.

102.06 Supplies. Registered officials will receive a National Federation rules book. Officials will receive these materials through their primary local associations. The exception is swimming and diving officials.

102.08 State Series Pass. A registered contest official may purchase an FHSAA State Series Pass via the FHSAA's approved process. This pass will admit the bearer only to all district, regional and FHSAA Finals state championship games, tournaments and meets in all sports sanctioned by the FHSAA during a school year. This pass is not valid at any preseason or regular season event. State Series Pass holders must sign in at the pass gate, provide proper photo identification and record the pass number. State Series Passes are non-refundable and non-transferable. Abuse of a State Series Pass will result in its confiscation. State Series Passes are not valid for students or for individuals under the age of 18. State Series gates are open through half-time only.

103. Online Examinations

103.01 Rules Examinations.

(1) Each FHSAA official, with the exception of Football Clock Operators and student officials, must take the FHSAA online rules examination in the sport(s) in which he or she is registered each year.

(2) At the end of the examination cycle in each sport, officials who fail to take the mandatory FHSAA rules examination in the sport(s) for which they are registered shall be suspended, effective immediately, from officiating at any level for the sport in which the exam was not completed.

(3) FHSAA will not accept any waivers for not completing the rules exam.

(4) The local official's association which each official designates as his/her primary local association will be notified of the official's grade via muster reports generated through the Arbiter reports. Secondary local associations must consult with primary local associations as to the status of secondary members. Grades will be available through the online testing center but will not be given to individual officials over the telephone or via e-mail.

(5) An official who is found guilty of cheating on rules examinations will receive a grade of zero on the examination, be placed on probation for one year and receive a fine of \$100.

(6) Individuals who register online may view their test scores via the online testing center after all rules examinations have been graded.

103.02 “75” Required to Officiate Varsity Contest.

(1) In order for an FHSAA official to officiate varsity level contests, the official must receive a grade of 75 or higher on the current year FHSAA online rules examination in the applicable sport. Any official who does not take the regularly scheduled FHSAA online rules examination will receive a grade of zero and will be ineligible to officiate varsity level contests during the current school year, or sub-varsity contests. Local officials' associations may not assign officials who are not in compliance with this provision to officiate varsity or sub-varsity level contests.

(2) If, for any reason, the FHSAA Office is unable to grade the current year rules examination prior to the start of a sports season, the grade an official received on the previous year's rules examination will be used to determine his/her eligibility to officiate a varsity level contest until such time as the current year grades become available or until the FHSAA announces an effective date.

(3) An official who fails to post a minimum grade of “75” prior to the last date for the online exam is not eligible to officiate varsity contests in that sport, unless a written waiver from his/her association has been granted by the FHSAA.

(4) Exam grades become effective 14 days after the FHSAA Office posts the online exam scores.

(5) Individual officials and official's associations which violate the provisions of s.103.03(1), s.103.03(2) or s.103.03(3) will be subject to monetary penalties, possible denial of registration and sanction for the following school year until all monetary penalties have been paid.

104. Membership in Other Organizations

(1) The FHSAA does not require its registered officials to join or maintain membership in any organization other than a sanctioned local officials association. However, membership in such outside organizations is permissible provided: (a) the organization does not have guidelines, regulations, policies or procedures which conflict with those of the FHSAA; and (b) the organization does not practice discrimination.

(2) Business unrelated to the FHSAA officials' program, such as recreational or youth league assignments, etc., shall not be a part of the agenda for any FHSAA-related meeting conducted by a local officials' association. The assignment of officials to officiate FHSAA athletic events shall not be influenced in any way by assignments to work non-FHSAA events.

105. Cancellation of Registration

An official who registers with the FHSAA and who, during the same school year, is unable to continue to work as a contest official, must cancel that registration in writing to the FHSAA Office before the sport specific rules examination deadline to avoid fines for not taking the FHSAA rules examination. All financial obligations to the FHSAA outstanding at the time of cancellation must be cleared. Officials canceling their registration WILL NOT receive credit for experience or games officiated in the sport in which registration is being canceled. Application fees for canceled registrations WILL NOT be refunded. Officials canceling their registrations in a given year are encouraged to register again in subsequent years as their individual situations permit. Officials are not required to register with the FHSAA in a given year if they do not intend to officiate during that year.

106. Rules of Conduct

The following provisions are rules of conduct by which all FHSAA officials are expected to abide. A violation of any one of these provisions may subject an offending official to a monetary penalty, suspension as an official, or both.

(1) All FHSAA officials must conduct themselves on and off the athletic field/court in a manner conducive to the best interests of the FHSAA, its member schools and the interscholastic athletic program in general. No FHSAA official may pursue a course of action which is detrimental to the welfare of the FHSAA or its member schools.

(2) All FHSAA officials must comply with all FHSAA guidelines, regulations, policies and procedures as contained in this Officials Guidebook.

(3) All FHSAA officials must be neatly dressed in the appropriate uniform as prescribed in this Officials Guidebook, and project a physically fit appearance, when officiating a contest involving an FHSAA member school.

(4) All FHSAA officials must arrive on time for the contest as required by the rules of the applicable sport.

(5) All FHSAA officials should be in good physical condition, mentally ready to officiate the best possible contest and be fully cognizant of the sport's rules. Officials are expected to make each call as they see it without fear or favor, regardless of the score, and to hustle at all times.

(6) No FHSAA official may officiate a contest involving a school in all the following stipulations within the last four (4) years:

- a. His/her child or immediate relative attends or attended
- b. The official himself/herself and/or a relative works or worked
- c. The official attended, graduated or coached

(7) No FHSAA official may officiate a varsity district contest in which the official currently serves as a coach at a school in that particular district.

(8) No FHSAA official may cancel a contract made between his/her local officials association and a member school or violate any provisions thereof without a reason that is satisfactory to the FHSAA.

(9) No FHSAA official may arrive or appear at the contest site with the odor of an alcoholic beverage on his/her breath.

(10) No FHSAA official may use tobacco, tobacco-like or vaping products during the contest or in the vicinity of the athletic court or field.

(11) No FHSAA official may engage in unsporting conduct.

(12) No FHSAA official may refuse to officiate any contest with another FHSAA official because that same other FHSAA official is or is not also a registered member of a national or international officials' organization.

(13) No FHSAA official may officiate a contest or part of a contest which is classified as an "exhibition," "practice game" or "alumni game" including one or more-member schools. Such games are prohibited by FHSAA Bylaws. This provision, however, does not preclude an FHSAA official from officiating an intra-squad contest or scrimmage in which all participants are students at the same one school.

(14) No FHSAA official may publicly criticize or berate a coach or other employee of a member school or other official. Professional ethics require that officials use proper channels to report their problems rather than airing them publicly.

(15) All officials must go to a dressing facility or secluded area provided by the school during halftime and not discuss any calls made previously in the contest to anyone who is not a part of the officiating crew. Additionally, once the contest has concluded, the officials are to vacate the playing area immediately. The officials are not to monitor post-game activities like handshakes. The administrators at the schools are to monitor those activities.

107. Athletic Injury Guidelines

The following guidelines are to be followed in the event an athlete is injured during a contest. These guidelines are for the protection of the injured athlete and the official(s).

(1) Coaches and medical personnel must be aware that some sports rules will require officials to charge the injured athlete's team with a timeout.

(2) Coaches and medical personnel should be allowed to enter the field or court and should be given unlimited time to evaluate an injury and give emergency care. Officials should not request that coaches move an injured athlete.

(3) The officials' only role in dealing with athletic injuries is to stop play as soon as possible so that the injured athlete can receive attention as soon as possible. Officials must not offer medical advice or take any action to manage or treat any injury.

(4) Suspected Concussions. Mechanics for Removal from Athletic Contest: The NFHS concussion rule calls for the immediate removal of the participant from the contest or practice. The revised language reflects an increasing focus on safety, given that the vast majority of concussions do not involve a loss of consciousness. The change in this rule simply calls for contest officials to be cognizant of athletes who display signs, symptoms or behaviors of a concussion (see NFHS Suggested Guidelines for Management of Concussion) and immediately stop play for injury evaluation by school personnel within the rules of the game. At that point, the contest official's job is done. It is important to note that the responsibility of the contest official is limited to activities that occur on the field, court or mat. Once the participant has been removed from a contest due to a suspected concussion, the coach, school and appropriate healthcare professional(s) assume full responsibility for that athlete's further evaluation and safety.

200. Local Officials Associations

201. Sanction

201.01 Sanction is Mandatory.

(1) Each local official's association must make application for or renew sanction each year with the FHSAA Office online web form via the FHSAA website. A local officials association which fails to make application for or renew sanction with the FHSAA Office, or to which sanction is denied, will not be permitted to assign officials to athletic contests in which FHSAA member schools participate.

(2) A list of sanctioned local officials' associations will be sent each school year to FHSAA member schools. Member schools may contract only with those officials' associations sanctioned by the FHSAA Office.

(3) Proposed new local officials' associations may not contact member schools regarding contracts for contests until sanctioned by the FHSAA Office.

201.02 Request for New or Additional Sanctions. Associations that were not sanctioned by the FHSAA in the preceding school year may be considered for sanction by the FHSAA if they meet the following criteria:

(1) Such an association must successfully demonstrate in writing to the FHSAA's satisfaction the need for sanction of a new association in its geographic area.

(2) Such an association must properly complete and return to the FHSAA Office an Application for Sanction as a Local Officials Association after satisfying s.201.02(1).

(3) Such an association, if approved, must have a unique name (i.e. one that is not already used, or similar to one being used, by a currently sanctioned local association) and adopt and submit a proposed constitution and bylaws. The constitution and bylaws must contain provisions for election of officers, establishment of committees, recruitment of new and minority officials, training of member officials, procedures for assigning member officials to contests, procedures for recommending member officials for State Series assignments and a procedure for addressing grievances made by member officials. The proposed constitution and bylaws must be approved by the FHSAA Office and must be reviewed every five (5) years.

(4) Such an association must provide to the FHSAA Office a copy of the IRS letter showing the association's name and the taxpayer identification number assigned to that name, along with an IRS Form W-9.

(5) A proposed new local officials association making application for sanction to the FHSAA must include with its application a list of the names of individual officials who are prospective members. Such prospective members shall not presently be "primary" members of any other viable local official's association sanctioned by the FHSAA.

(6) Consideration for sanction will not be forthcoming until the FHSAA has received a sufficient number of Applications for Registration as a Contest Official from individuals listing the applicant association as their primary association, such that the applicant association's membership will meet or exceed the FHSAA's minimum membership requirements set forth in s.201.04. Applicant associations that do not meet the minimum membership requirement in a specific sport by the date of the FHSAA's first registration material mailing WILL NOT receive final approval of sanction in that sport. In the event final sanction is withheld, individuals listing the applicant association as their primary association on their Applications for Registration as a Contest Official will be asked to re-designate their choice of local association for the affected sport.

201.03 Renewal of Existing Sanction. Local associations sanctioned by the FHSAA in the PRECEDING school year, provided they are in good standing with the FHSAA, may renew their sanctions June 1-15 if they meet the following criteria.

(1) An association requesting renewal of sanction must properly complete the online renewal process. Sanction renewal will not be approved until all association Game/Meeting reports have been submitted, no members of a local association may register until the sanction is renewed by the association president.

(2) An association requesting renewal of sanction must submit to the FHSAA Office a copy of the IRS letter showing the association's name and the taxpayer identification number assigned to that name, a current IRS Form W9, as well as a current copy of its constitution and bylaws.

(3) The total number of member officials in the sport(s) for which an association is requesting renewal of sanction must meet or exceed the FHSAA's minimum membership requirements as set forth in s.201.04. Associations that do not meet the minimum membership requirement in a specific sport will not be sanctioned in that sport.

(4) An association sanctioned by the FHSAA in the preceding school year requesting sanction in a sport for which it was not sanctioned during the preceding school year must meet the criteria outlined in s.201.03(1) in the sport for which a new sanction is being requested.

201.04 Minimum Membership Requirements.

(1) In order to receive and/or renew a sanction for a given sport, local officials associations must meet the following minimum membership requirements: For sanction in the sports of baseball, basketball, flag football, lacrosse, soccer, softball, track & field, volleyball and water polo, 10 officials per sport. For sanction in the sport of football, 25 officials. For sanction in the sport of wrestling, five (5) officials. Local associations are sanctioned on a "by sport" basis, and membership totals in each sport will be computed as described in s.201.04(2).

(2) For sanctioning purposes, total membership in an association shall be defined as the total number of officials registered with the FHSAA who have designated the association as their PRIMARY local association in the specific sport(s) for which an association is sanctioned. This total shall be computed by the FHSAA after the administration date of the examination in each sport and be the basis for sanction renewal decisions for the next school year. Officials affiliated with an association on a secondary basis WILL NOT be counted as part of an association's total membership. Officials registered with an association in one sport WILL NOT be counted in another sport unless they also are registered in that sport.

(3) **Insurance.** In order to conduct business as an FHSAA recognized official's association, this coverage is required:

(a) General Liability. General liability provides protection against lawsuits involving bodily injury or property damage. A policy that has a minimum coverage of \$1,000,000 per occurrence and \$2,000,000 aggregate per year is required. This type of policy is the one most important to protect your business and is required by many school districts and other public agencies in order to use their facilities for a meeting or clinic. If an official's association are going to host their own clinics, they must have this type of insurance. They will be asked to provide a certificate of insurance and name the property owner (usually a school) as "an additional insured". They would ask their insurance agent who sold the policy to provide this certificate.

(4) **Optional Insurance.** This insurance is recommended but optional.

(a) Crime Insurance. Crime insurance provides protection against financial loss caused by the dishonest disappearance of money, securities or negotiable instruments. This Crime Insurance Plan includes coverage for loss by theft or forgery by an officer or volunteer. Examples of covered losses under this plan are the loss or dishonest disappearance of: moneys or securities in the league treasury; moneys collected from fund raising activities; or moneys set aside for the purchase of uniforms and equipment.

(b) Directors and Officers Insurance. This provides protection for claims arising out of allegations of errors, omissions or wrongful acts committed by its directors, officers, employees or volunteers. This coverage will respond to allegations of discrimination against a third party, acts beyond granted authority, failure to deliver services, wrongful dismissal, and wrongful employment practices. Defense costs are paid in addition to the limit of liability.

202. Membership in Local Association

202.01 Officials Required to Join. All FHSAA officials must join and maintain membership in a local official's association which has been sanctioned by the FHSAA Office. Individual officials may not contract with or otherwise offer their services to member schools.

202.02 No Official in Good Standing May be Refused. Each local official's association must afford membership to any FHSAA official in good standing who requests to join the sanctioned local official's association. Membership to an FHSAA official in good standing may not be refused. Any official denied membership must be shown documentation for the denial.

202.03 Conditional Membership for First-Time Officials. Only registered FHSAA officials, in good standing, may be given membership in a local official's association. However, individuals making application for registration to the FHSAA Office for the first time may request and must be allowed to join a local officials association on a conditional basis until such time as the individual has been approved by the FHSAA Office.

202.04 Administration and Governance. Each local official's association shall adopt bylaws establishing its organizational structure and governance. These bylaws shall not be in conflict with any provision of FHSAA bylaws, guidelines, regulations, policies or procedures. Individual officials who have been placed on probation by the FHSAA shall not be eligible for election or appointment to any office within the local official's association until such time as his/her period of probation has expired or been rescinded.

203. Obligations of Officials Associations

The FHSAA has assigned the following obligations to each local official's association.

203.01 Education of Member Officials. Each local official's association is responsible for educating FHSAA officials in the rules of the sport in which they will officiate. It is important that each FHSAA official has a thorough knowledge of the rules before he/she officiates his/her first contest and takes the FHSAA rules examination.

203.02 Training of Member Officials. Each local official's association must hold a minimum of two training sessions for its member officials during the regular season in each sport. These training sessions should focus on application of the rules to specific situations and mechanics. Attendees at these training sessions and meetings may earn a maximum of 10 promotional points for attendance at a minimum of 10 sessions. Dates and content of training sessions must be submitted to the FHSAA Office in writing according to the calendar on page 4. Each training session shall be a minimum of one hour. Each association must offer its contracted schools at least one training session in which the school's athletic director and/or head coach may attend to hear and discuss the sport's new and emphasized rules.

203.03 Distribution of Materials. Each local association will receive a mailing consisting of cards, rulebooks as well as other materials deemed necessary from the FHSAA. It is the responsibility of the local association to distribute this material to its primary members.

203.04 Changes in Membership. Local associations are responsible for informing the FHSAA of any changes to, or discrepancies on, the muster reports (membership lists) that the FHSAA provides to the local association. This information should be provided to the FHSAA as soon as possible. Local association membership lists should match the FHSAA's association muster reports exactly. Officials have up until two (2) weeks after their sports registration deadline has passed to change associations.

203.05 Reports. Local associations are responsible for completing the "Games Report" online via the Arbiter or by sending their "Games/Meetings Report" to the FHSAA office if the Arbiter system is not used to assign. Local associations are responsible for completing the "Meeting Report" and sending the final report to the FHSAA office. Associations may be requested to submit to the FHSAA Office a survey of membership demographics.

204. Committees

204.01 Committees are Mandatory. Each local official's association is required to have an evaluation, assignment, recommendations, grievance and education/training committee. These committees exist to ensure that each local official's association operates in a fair and democratic manner which is in the best interest of each of its member officials. Any exception to the committees as established herein must be approved in writing by the FHSA Office.

204.02 Composition of Committees. Neither an executive board member nor the assignment officer (booking commissioner) may serve as a voting member of any committee established herein, except for the recommendation committee. The assignment officer (booking commissioner) may serve on the recommendation committee as a voting member. Only one of these officers may serve on a committee in an ex-officio capacity. No member may serve on more than one committee. An executive board member must recuse himself/herself if he/she is party to or otherwise involved in an appeal. Committees must consist of three or five members. Committees shall be selected/appointed based on the local association's Articles of Incorporation.

204.03 Responsibilities of Committees.

(1) Evaluation Committee. First-year officials should be evaluated periodically throughout the season so that mini-clinics may be offered, if necessary, to re-enforce good officiating skills.

(2) Assignment Committee. The Assignment Committee is responsible for overseeing the entire contest assignment procedure within the local official's association. This includes ensuring compliance with requirements on the composition of officiating crews, reviewing and approving each member official's schedule of assigned contests and making the assigning officer aware of any corrections that need to be made before the assignment schedule is submitted to the membership. It is not implied that the Assignment Committee is to make assignments.

(3) Recommendations Committee. The Recommendations Committee is responsible for reviewing the evaluations of each member official during the regular season. This committee is also responsible for preparing and submitting to the FHSA Office a list of member officials who deserve consideration for assignment to State Series contests. If the assignment official (booking commissioner) is not on the committee as a voting member then the recommendation committee should work with the assignment official (booking commissioner) to prepare and submit to the FHSA, the list of member officials who deserve consideration for assignment to State Series contests.

(4) Grievance Committee. The Grievance Committee is responsible for hearing complaints and appeals made or brought by one or more of its member officials. Each local official's association may nominate one official for each sport in which they are sanctioned by the FHSAA. No official may be nominated in more than one sport. Nomination forms may be submitted online at FHSAA.org.

(2) Local associations will not be eligible to nominate a candidate for the Officials Advisory Committee in a particular sport if they currently have a member of their association serving on the Officials Advisory Committee in that sport (i.e., a member of a particular official's association may not succeed another member of the same official's association in the same sport).

(3) No official may succeed himself/herself as a member of the Officials Advisory Committee, either as the representative of the same or a different sport.

(4) Officials nominated by their local association for election to the Officials Advisory Committee will not be placed on the ballot if they are not properly registered and in good standing with the FHSAA at the time the ballot is prepared or if their nomination does not meet one or more of the other provisions of the section.

uniform items listed above.

702. Restrictions

702.01 Jewelry. Officials are prohibited from wearing jewelry while officiating a contest. The only exceptions to this policy are a wedding band, game timing device and a medical alert bracelet which, if worn, must be taped to the body with clear tape so that it remains visible. Not applicable to swimming & diving, track & field or volleyball officials (see 701.08(6), 701.09(3) & 701.10(7)).

702.02 Numbers. The wearing of numbers on shirts by FHSAA officials is strictly prohibited.

702.03 Local Association Patch. A local association patch may be worn on the upper front of the jacket or left shoulder of shirts, provided a request is made. Patches may not exceed three (3) inches in diameter and must be black and white in color. Other color combinations are prohibited.

702.04 FHSAA Insignia Prohibited at Non-FHSAA Contests. The FHSAA insignia, including “FHSAA” and the “Florida Shield,” is the property of the FHSAA and may be used by contest officials only as approved by the FHSAA Office. An FHSAA official may not wear any part of his/her uniform containing the FHSAA insignia at any time other than when officiating a contest involving an FHSAA member school. For example, an FHSAA official may not wear the FHSAA insignia on any article of clothing as a spectator or while officiating AAU, American Legion, ASA, city recreational league contests, etc. This requirement does not preclude officials who have just finished officiating a contest from watching part of a succeeding contest while in uniform nor does it preclude officials who have arrived early for a contest from observing the preceding contest while in uniform.

703. Exceptions to Dress Code

Any exceptions to this dress code must be approved in writing by the FHSAA Executive Director or his/her designee.

900. Officiating Fees

901. Establishing Fees

901.01 Agreements with Schools.

(1) Officiating fees should be agreed upon by negotiations between local officials' associations and the member schools that they serve.

(2) The FHSAA requires that local officials' associations enter into a written agreement or contract with each school, district school board, conference, league, etc. that the association serves during the regular season. This document should contain all financial terms and conditions, as well as detail the obligations of both parties. Events requiring sanction from the FHSAA Office and/or NFHS must be submitted under a separate contract and may have no bearing on the regular season contract. District tournament assignment as in s.301 may not be included in the regular season contract. The agreement shall require the signatures of the authorized representatives of both parties. Each local official's association shall submit a copy of its contract to the FHSAA Assistant Executive Director for Athletic Services not later than one full calendar week prior to the start of regular season competition.

(3) The accomplishment of any agreement or contract can be complete only when the fee or fees agreed upon are within the ability of the school to pay and are also commensurate with the services rendered. Any agreed upon fees must be within the maximum allowed by the FHSAA official pay scale.

902. Maximum Pay Scale

902.01 Fees. In all cases, the agreed upon fees are the maximum fees, inclusive of the game plus travel, that may be paid by any FHSAA member school to any FHSAA registered officials association. This fee structure does not preclude the payment of lower fees, if agreed upon.

However, if a player who starts the game as a P/DH is relieved as the starting pitcher, he may not return to the mound even if he remains in the game as DH, and he may not play any other defensive position after being relieved as the pitcher.

(a) Each coach will select five different players than the first five who already have kicked to take the kicks in a sudden victory situation, wherein if one team scores and the other team does not score, the game is ended without more kicks being taken. If a team has fewer than 10 available players at the end of the first set of kicks from the penalty mark due to either injuries or disqualification, the coach must use all players who have not participated in the first five kicks. The coach may choose additional players from the first five kickers to ensure that five different players participate in the second set of kicks.

(b) If the score remains tied, continue the sudden victory kicks with the coach selecting any five players to take the next set of alternating kicks. If a tie remains, repeat s.2007.08(3)(a).

2009. Swimming & Diving Regulations

2009.01 FHSAA Rule Modifications. NFHS Swimming & Diving Rules, as modified by the FHSAA, are the official rules for all swimming & diving contests. The following modifications to those rules have been adopted by the FHSAA:

- **Whistles:** The use of whistles as preparatory commands is the method for all starts at all levels of competition.

- **1-3-14, 3-2-3. Declared false starts:** During Florida High School State Championship Series events, no declared false starts are permitted.

- **2-3-1, 2-7-2. Water depth:** In pools with a water depth at the starting end of less than five (5) feet, the start for all swimming events for all contestants must begin in the water. There will be no variances. In pools with a water depth of five (5) feet or more, starting platforms may be used in accordance with NFHS rules.

- **3-1-1. An Exception Report** shall be run both by event and by athlete prior to the start of all Florida High School State Championship events to verify there are no over entries either by individual athlete or by the total number of athletes allowed to enter in each event per team. In the event that an exception report is not run, only one report is run, or an over-entry is not caught, and a team over-enters participants, the first four participants listed alphabetically by the team will be advanced where an over-entry was discovered, and any remaining individuals will be disqualified.

- **3-1-2. Entries by team in dual meets:** Each team will be allowed a maximum of two entries per individual event and two entries per relay events in a pool with five lanes or less; a maximum of three entries per individual event and two entries per relay event in a pool with six or seven lanes; and a maximum of four entries per individual event and two entries per relay events in a pool with eight lanes or more. Only two designated relay teams may score for each team in each relay event.

• **3-2-1. Entries by individual:** A competitor will be permitted to enter a maximum of four (4) events, no more than two (2) of which may be individual events. Prelims and finals are considered the same event. If, however, a swimmer competes in only three (3) events in prelims, he/she could compete in those three events as well as an additional relay in finals provided he/she was designated on that relay entry card. In the event of an individual over-entry, all events in which s/he competed in excess of two individual events would be disqualified, in addition to any relays on which the over-entered individual competed.

• **3-2-1(a). Exhibitions:** Exhibition swimming & diving and/or practice diving during a regular season meet is allowed if all head coaches involved with the meet agree to exhibition swims. No exhibition events or entries are allowed during post season events.

• **3-2-3. Relay card procedures:** Relay athletes are to be listed left to right in the order that they will swim. Relay teams are to present completed card to the lane timer at the time of the swim. Names may not be added after preliminary heats have been completed. Only the names listed on the prelim card (up to 8) are eligible to swim in the finals.

• **3-3-1. Uniforms:** All uniform rules are to be followed when a competitor is present at any interscholastic competition site, including, but not limited to, warm-up periods at all regular season and post-season events. No two-piece or bikini style suits will be allowed during warm-up periods during the FHSAA State Finals; a competitor found in violation of this uniform policy will not be permitted to warm-up until the offending attire is replaced. Any uniform that is used by a swimmer must cover ALL of the buttocks and must be made of a material that does not become transparent when wet. Any competitor in violation of this rule will not be allowed to enter into competition until the offending attire is replaced; competitors found to be in violation of the uniform policy after entries have been submitted will not be permitted to warm-up until the offending attire is replaced. If a competitor is found in violation of this rule after entering an event, the competitor will be disqualified from that event and will not be allowed to participate further until the offending attire is replaced.

• **3-3-3. Competitors with Disabilities:** A competitor with a disability may request specific accommodation(s) in the start, strokes, turns etc. which does not require equipment, providing the accommodation(s) does not fundamentally alter the sport and/or no advantage is gained. Disability is defined as a permanent physical or mental impairment that substantially limits one or more major life activities. The Referee has the authority to modify the rules for the competitor. Requests for accommodations that are not provided for in this section shall be requested through the FHSAA Office per NFHS Rule 3-3-3.

(a) Responsibilities.

- **Swimmer** — The swimmer (or the swimmer's coach) is responsible for notifying the Referee, prior to the competition, of any disability of the swimmer. The swimmer/coach shall provide any assistant(s) or equipment (tappers, deck mats, etc.) if required.

- **Referee** — The Referee's responsibilities include:

- Inquiring with regard to the swimmer's needs and determining what modifications will be utilized.

- Instructing the Starter and Stroke & Turn officials as to the accommodations to be made for that swimmer.

(b) Modifications. Some of the modifications which the Referee may make to accommodate the swimmer with a disability are:

- A change in starting position.

- Reassignment of lanes within a heat, e.g., exchanging Lanes 2 and 7.

- Allowing the swimmer's assistant(s) on the deck or in the water to assist with a start. Other allowable modifications are further described in this section under the type of disability.

(c) Use of ID card for swimmers with a disability. All swimmers with a disability, who have an International Paralympics Committee authorized classification, will be issued an ID card listing their specific International Paralympics Committee swimming rule exceptions on the reverse of the card. Swimmers shall be judged under these specific exceptions, when documentation is presented.

(d) Blind and visually impaired.

- **Start** — With an audible starting system, no modification is usually required for a blind or visually-impaired swimmer. They may, however, require assistance getting to and on the block. Should they feel insecure starting from the block or deck, an in-the-water start may be allowed.

- **Turns and Finishes** — A blind or visually-impaired swimmer is permitted to have a "tapper", which is a pole with a soft-tipped end. The swimmer is tapped with the "tapper" as notification of turns and the finish. Sound devices shall not be used. It is the swimmer's responsibility to provide the tapper(s) and operator(s), who shall be positioned within the confines of the swimmer's lane at the ends of the pool.

- **Relay Take-Offs** — A physical touch may be required to signal the relay swimmer when his/her teammate has touched the wall. The specific method may be tailored to the swimmer's preference so long as it does not aid the swimmer's take-off or interfere with the timing.

(e) Deaf and hard of hearing.

- Deaf and hard of hearing swimmers may require a visual starting signal, i.e., a strobe light (when available) and/or Starter's arm signals. The Referee may reassign lanes within the swimmer's heat, i.e., exchanging one lane for another, so that the strobe light or Starter's arm signal can more readily be seen by the deaf or hard of hearing swimmer. Standard Starter's arm signals are shown in Figure 1. A recall rope is required in the event of a heat being recalled.

- Strobe light location (when available)— The Starter shall advise the swimmers about the location of the strobe light and the light shall be located where the swimmers can clearly see it for the start. For backstroke starts, the light should be positioned so that the swimmers don't have to turn their heads to look backwards.

(f) **Mentally impaired.** A deck or in-the-water start is allowable, and the swimmer may be permitted to have an assistant on the deck when necessary. No other specific rule modifications are required other than patience and clarity in communicating instructions.

(g) **Physical disabilities.**

- Start — Swimmers with physical disabilities: May take longer to assume their starting position;

- May not be able to hold onto the starting grips or gutter for a start;

- May need assistance on the deck or from in the water to maintain a starting position;

- May need to assume a modified starting position on the blocks, deck, gutter or in the water in order to maintain their balance.

- For freestyle, breaststroke and butterfly, a forward start (facing the course) shall be used. The Referee, however, may allow modifications such as the following:

- The swimmer may start from a sitting position on the block or on the deck;

- The swimmer may assume a starting position in the water, with or without assistance;

- If the swimmer cannot use a hand and/or foot to maintain contact with the wall, some other part of the body may be used.

- For breaststroke and butterfly, after the start and after each turn, a swimmer who is unable to push off with the leg(s) may perform one asymmetrical stroke to attain the breast position.

- Stroke/Kick — In judging the stroke or kick of a swimmer with a physical disability, the Referee and Stroke & Turn Judge should follow the general rule that: if a part of the body is absent or cannot be used, it is not judged; if it is used during the stroke or kick, it should be judged in accordance with the NFHS rules and Regulations. Judgments should be made based on the actual rule — not on the swimmer's technique. For example, the breaststroke swimmer with one arm or leg shorter than the other, may have a non-symmetrical stroke or kick, but as long as the arm or leg action is simultaneous, it would meet that portion of the rule. No flotation devices should be permitted.

- Turn/Finishes — Touches shall be judged in the same manner as strokes and kicks, i.e., on the basis of the arm(s) and/or hand(s) that the swimmer can use. In breaststroke and butterfly events, the swimmer must reach forward as if attempting a simultaneous two-hand touch. When a swimmer has a different arm length, only the longer arm must touch the wall, but both arms must be stretched forward simultaneously. Swimmers with no arms or with upper limbs too short to stretch above the head may touch the wall with any part of the upper body.

- Relays — Relay swimmers who cannot exit the water immediately may be allowed to remain in the lane until all relays have finished so long as they do not interfere with the other swimmers or the timing equipment.

- **3-3-4 Competitors** shall not wear or use any device or foreign substance to aid their speed, buoyancy or body compression. The following may be used within the stated conditions:

- a. A foreign substance may be applied if not considered excessive by the referee (if excessive, the referee shall require the competitor to remove). Adhesives are not allowed for swimmers of divers.

- b. Divers may wear tape or wraps for support.

Tape may be used by a swimmer to treat a documented medical condition. The referee must be presented signed documentation from an appropriate health-care professional that outlines information related to the injury and the medical necessity for the tape before permitting the athlete to compete. An excused absence from school note is NOT considered an acceptable form of documentation for the use of tape.

- **8-1-1,2. Starts:** All FHSAA events will utilize the NFHS Suggested Guidelines for Starters' Protocol for whistle starts.

- **8-1-4. No Recall Procedures:** No Recall Start Procedures will be conducted during all FHSAA swimming events. Meets are to be conducted according to the following protocol:

- (a) **One Official.**

- The official shall:

- Upon observing a false start, raise a hand with open palm as soon as possible after the start, but before the swimmers have completed their first length, indicating the violation.

- At the completion of the race, s/he shall notify the swimmer(s) and/or coach(es) of the disqualification.

- (b) **Dual Confirmation.**

- The referee shall:

- Upon observing a false start, record in writing the lane or lanes that have committed a false start.

- Compare written records with the starter and, upon confirming that both have observed the same violation, will disqualify the swimmer(s). S/he will also notify the swimmer(s) and/ or coach(es) of the violation.

- The starter shall:

- Upon observing a false start, record in writing the lane or lanes that have committed a false start.

- Compare written records with the referee to confirm/not confirm the potential violation(s).

- (c) **Recalling the Entire Heat.** The starter/referee may recall the entire heat:

- When the start is such that the starter/referee is not satisfied that the race was properly begun, it is always permissible for the starter/referee to recall the entire heat.
- It is not necessary to charge any swimmer with a false start under these conditions, although that may also occur.
- Things that negatively affect the start (such as a loud noise just as the starting signal is given that affects one or more swimmers) should be part of any starter's awareness when commencing a race.

• **9-4-6. Voluntary Dive Groups:** The voluntary dive groups and the corresponding calendar week for the 2018-2019 FHSA Regular Season are as follows: Week 1 Forward; Week 2 Back; Week 3 Inward; Week 4 Twisting; Week 5 Reverse. In the case of a regular season meet that is postponed and subsequently rescheduled, the voluntary dive group that is required for the calendar week that the meet is rescheduled will be used. Once the five weeks have been completed, the cycle will restart.

• **9-6-1. Diving Officials:** In state series events, a minimum judging panel of five judges is required.

(2) **An Exception Report** shall be run both by event and by athlete prior to the start of all Florida High School State Championship events to verify there are no over entries either by individual athlete or by the total number of athletes allowed to enter in each event per team. In the event that an exception report is not run, only one report is run, or an over-entry is not caught, and a team over-enters participants, the first four participants listed alphabetically by the team will be advanced where an over-entry was discovered, and any remaining individuals will be disqualified.

(3) **Athletic Trainers.** The presence of a certified athletic trainer or medical staff is recommended for all state series meets.

Previous performances are not nullified. Points earned, and times achieved are still recorded

- (2) **Substitutions.** No substitution may be made for any individual in any event, once entered, who qualifies to participate in an event but is unable to compete. This applies to individuals who qualify from the district meet to the regional meet and from the regional meet to the Florida High School State Championships, and between the prelims and the finals on any level.
- (3) **Relay Personnel.** Relay personnel may be changed between the district and regional meets, between the regional meet and the Florida High School State Championships, and between the prelims and finals on any level as long as such change is made in compliance with procedures established by the FHSAA. Any eligible swimmer may be listed on the relay card to swim on a relay team provided it does not result in an over entry.
- (4) **Ties.** In swimming events, all ties in preliminaries which would result in more than eight qualifiers to the consolation or championship finals must be broken by a swim-off.
- (5) **Medical Scratches.** Any competitor who requests a medical scratch at any meet held during the FHSAA State Series must be accompanied by a note from a doctor or certified Athletic Trainer. Once a medical scratch is accepted by the Meet Referee the competitor may not compete in any individual or relay event in that meet, unless or until the individual presents a note of medical clearance from a doctor or is cleared by the certified Athletic Trainer on-site. The medical clearance shall not be issued by a medical professional who is present at the meet in the capacity of an official, volunteer timer, etc. If the competitor does participate in any individual or relay event without proper clearance, the penalty shall be disqualification of the individual and relay.

(5) **Entries.** District entries must be submitted electronically via a .hyy or .cl2 file.

2009.03 Failure to Appear and Compete.

If the student-athlete does not compete on a successive level, the student-athlete will not be permitted to compete in any other event in the Florida High School State Championships in that sport. Personnel on relay teams may be changed in accordance with the rules governing those sports. A school must submit in writing to the FHSAA Office

On or after Dec. 26, each weight class will be permitted a 2-pound growth allowance. This regulation is intended to encourage wrestlers to increase their strength, and thereby their muscle mass; and to discourage wrestlers from crash dieting to reduce weight so as to remain eligible in a lower weight class. Coaches and athletes are encouraged to use this provision accordingly. When there are consecutive days of team competition, there shall be a one-pound additional allowance granted each day for all wrestlers up to a maximum of two pounds. In order to be granted this one-pound additional allowance, a minimum of 48 hours advance notice is required for opponent(s).

(3) **Trackwrestling/NWCA Pre-Match Weigh-In Form:** The Trackwrestling/NWCA Pre-Match Weigh-In form is required in order to weigh-in. Failure to have the Pre-Match Weigh-In form will prevent a team from weighing-in, thus eliminating that team from competing. The Pre-Match Weigh-in form must be used as follows during the weigh-in:

(a) The wrestler's exact weight will be written in ink opposite the name of each wrestler who weighs in prior to the meet.

(b) Any challenge of a minimum certified weight class must be made prior to the start of the first match in a dual meet or prior to the end of the seeding meeting of an individually bracketed tournament. A wrestler who has his/her minimum certified weight class challenged will be allowed to compete. The Executive Director must be notified in writing of the challenge.

(c) Both coaches and the referee must sign the form.

(d) A copy of the form must be exchanged prior to the final match of the meet. For tournaments, a copy of the form must be given to the tournament director prior to the start of the tournament. A complete set of all signed forms with the actual weights recorded must be made available to each team entered into the tournament.

(4) Weigh-ins:

(a) Contestants must weigh-in each day they participate for regular season dual meets a maximum of one hour prior to the time a dual meet is scheduled to begin. This rule permits the weigh-in to begin at 7 p.m. for a dual wrestling match which is scheduled to begin at 7:30 p.m. This rule DOES NOT require a 30-minute wait between the end of the weigh-in and the scheduled beginning of the wrestling match. Each team may weigh-in a maximum of two wrestlers for each weight classification. Exact weights are required for each wrestler who weighs in for a contest. Rule 4, Section 5 (weigh-in) may not be revised or modified by conference rule, mutual consent, etc.

(b) The FHSAA requires a minimum of three officials (five is preferred) be present at all tournament weigh-ins. In addition, the host schools shall provide necessary adult personnel to serve as assistants to the weigh master. The weigh master will be the registered FHSAA official who is in charge of the weigh-in. The weigh master will ensure that all NFHS and FHSAA rules and regulations are followed. The following procedure must be used:

1. Staging area (one adult volunteer or fourth official): all wrestlers will be in this area at the time the weigh-in is scheduled. Each wrestler must check in wearing their school issued singlet. Preferably, the staging area will be large enough to accommodate all contestants. The caller will call each weight class in order, beginning with the 106-pound class. Wrestlers are required to wear a suitable undergarment as defined by the NFHS for the purpose of weighing-in. Each wrestler will wear a pair of slip on/off shoes for reporting to the scales. The form must be completed completely, which includes the area designated as "IS/ARE NOT communicable" in order to be valid.

2. Line-up area (one adult volunteer or fifth official): each weight class will move to the line-up area where the arranger will place the contestants in bracket order.

3. Scale room (registered officials only): each weight class will then move into the scale room. The contestants will put their gear on one of 16 chairs and remove their clothing. The first official (R1) will check all contestants for nails, skin, hair, etc. Any deficiencies (Nails, Skin, Hair, etc.) will be noted on the Pre-Match Weigh-in Form or the tournament bracket sheet. The second official (R2) will monitor the scale, recording the exact weight of all contestants on the Pre-Match Weigh-in Form. Exception: At the regional and state tournaments, the exact weights will be recorded on the official tournament bracket sheets. For all tournaments, R3 will be responsible for writing the weight class of the contestant on his/her wrist with a marker.

(c) All scales must be certified annually. Digital scales are required for all multi-school events to ensure the accuracy of the actual weight of the wrestler. This includes dual-team events and individually bracketed tournaments.

(d) No coaches shall be permitted in the staging area, line-up area or scale room, with the exception of the coach of a hearing or visually impaired wrestler.

(e) Female wrestlers shall be called into the weigh-in area together, as the first group to weigh in. The tournament director shall have a female person or persons available to weigh in any female wrestlers. The weigh master should provide instructions to the female persons conducting the weigh-in as to the process of weighing in the female wrestlers. Female wrestlers are required to complete the weigh-in process the same as male wrestlers.

(f) Second- or third-day weigh-ins should follow the same procedures as defined above. A different color marker should be used each day to mark the wrestler's hand.

(g) A "Wrestler Skin Condition Examination Report Form" (Form WR2) signed by a physician is valid for a maximum of seven (7) days from the date of the examination unless otherwise indicated by the physician. After that time, the wrestler must obtain a new form from the physician if his/her skin condition is still present. The form must be completed completely, which includes the area designated as "IS/ARE NOT communicable" in order to be valid. The form is valid only for those areas of the wrestler's body marked on the form by the physician. If the official observes any questionable area(s) not marked by the physician on the form, the wrestler will not be allowed to participate. A copy of the form must be provided to the official for his/her records with the original remaining with the coach.

(5) Match Limitations.

(a) A school may weigh-in multiple wrestlers at each weight class for a dual-team event. A maximum of two contestants must be declared in each weight class at the time the lineup is presented to the head table.

(b) For a dual-team event, the coach may alter his line-up within the stipulations of NFHS Rule 4-4-2.

(c) For individually bracketed tournaments, one contestant in each weight classification for varsity competition must be declared, after the weigh-ins and during the coaches meeting prior to the start of the first day of competition. Once a competitor's weight class is established, the competitor must wrestle at that weight class for the duration of the tournament in accordance with NFHS rule 10-2-2.

(d) In sub-varsity tournaments, however, a school may enter multiple contestants per weight class with one or the contestants in the weight class designated as the team scorer.

(6) **Multi-School Wrestling Events:** Multi-school wrestling events are of two types. The first is dual team events, where dual meets fees shall apply. The second is individually bracketed tournaments (IBTs) where the following requirements shall apply:

- IBTs with up to 8 teams: minimum of 2 mats, 4 officials
- IBTs with 9-16 teams: minimum of 3 mats, 5 officials
- IBTs with 17-24 teams: minimum of 4 mats, 6 officials
- IBTs with 24-32 teams: minimum of 5 mats, 8 officials

No new match in a multi-school wrestling competition may begin after 10 p.m. on any day. For multi-day competitions, there must be a minimum of 10 hours between the end of the last match on Day One and the start of weigh-ins the next day.

(7) **Uniform:** A contestant's uniform must be in compliance with NFHS Rule 4-1. A wrestler competing in a dual meet or tournament must be in proper uniform at all times while he/she is in public view. The penalty for violation of this regulation is the deduction of one (1) team point. Dropping the shoulder straps after leaving the mat to put on a shirt is permitted *as well as removing the shirt to pull the straps up prior to reporting to the mat.* *Dropping of the shoulder straps or removing the shirt while on the mat is not permitted and is a violation.* **Female wrestlers must wear an undergarment per NFHS rule 4-1-1a.**

(8) **Biting:** The FHSAA Board of Directors has defined biting of an opponent by a wrestler during a match as judged by the official (NFHS Rule 7-4-3) as flagrant misconduct and the wrestler shall be ejected from competition.

2013.02 State Series.

(1) **Wrestleback:** Each district will seed and bracket its District Tournament in accordance with the procedure as outlined in National Federation Rule 10 after the weigh-in has been completed. Brackets will be crossed in the quarterfinal round to better ensure that the best four wrestlers in each District Tournament advance to the Regional Tournament.

2013.03 FHSAA Rule Modifications. The following NFHS rules, which are optional by state association adoption, and other modifications have been approved by the FHSAA:

- **3-2-1.** Use assistant referee during competition.
- **4-2-3.** Form WR2 valid for seven days.

- **4-3-2.** The use of artificial limb provision.
- **4-4-4.** 2-pound growth allowance adoption.
